

Dear Partners,

We are happy to announce the **Call of Student Mobilities** with your reputable Universities through the Erasmus+ International Credit Mobility Programme. For this reason, please forward this e-mail to the person in charge of student mobilities.

Nominations' period: 4th October – 3rd November, 2021 (14:00 CET time)

Applications' period: 8th November – 25th November, 2021 (14:00 CET time)

Please note the following:

1. Nominations will be submitted by the Home Universities only online, by means of our e-form. **We will not accept nominations by email.**
2. Students will apply for mobilities which will be realized during the Spring Semester 2021-22 (that is, from February till June 2022).

Please see the available mobilities for studies at the following link: https://eurep.auth.gr/en/students/international/studies/available_mobilities

NOMINATION PROCEDURE

Please note that **all nominations shall be submitted via the e-nomination form** we developed for this purpose.

In order to submit the requested information of your student nominees, please follow the link below:

<https://eurep.auth.gr/en/nominations/international/studies>

Each University can nominate up to 5 students, however, you are advised to also check the list with the inter-institutional agreements we've signed per country. Since in most countries, there is only 1 available mobility per country (not per University), it is advisable not to send us many nominations for countries where there are many agreements signed.

APPLICATION PROCEDURE

After the end of the nomination period, all **nominated** students will need to apply online and upload all requested documents.

For more information, you can visit the following link:

https://eurep.auth.gr/en/students/international/studies/online_application

SELECTION PROCEDURE

1. Partner Universities will nominate students via the e-nomination form.
2. All nominees will receive guidelines on how to apply online at our system by submitting all requested documents.
3. After the deadline of applications, all applications will be evaluated by the Erasmus+ International Coordinators of our Schools and Faculties. The Coordinators will evaluate the students' academic performance, their language level as well as their learning agreement.
4. The Selection Committee of our Department will decide who will be granted a mobility according to the criteria set and the number of available mobilities per country.
5. Partner Universities will be sent the list of selected and non-selected applicants.

Contact details:

Erasmus+ International **Incoming Students:**
