

Dear Jane,

I'm so glad that you have so many suggestions about our future trip with Ann. And now I'm writing to you in response for your offers, given in previous letter, because I have found some information about the place, where we are going. So, I think, I have the perfect variant for us.

First of all, I'd like to say that I'm definitely agree with Ann about your thought of cycling the northern lakes on Saturday, because it's really too far for us, so, we just would be more exhausted than amazed.

However, your offer about Windermere Lake is quite good, because it's not so far as northern lakes and it's very close to the Castle and Beatrix Potter Museum, where I have a strong wish to go. Also there are Steamboard Centre, so if we are so tired from bicycles, we can just change the kind of transport to enjoy the Lake and also some hotels, one of which we will choose to stay at.

And, by the way, about the hotels! I have found the wonderful advertisement of one of them. So, it's about the Queens Hotel. I think, it would be the most suitable variant for us, because, firstly, it's cheap, so we won't need to pay all the money we give. Also, it's small and family-run hotel, well, I don't think we can have any problems with our neighbors. In addition, they have home-cooked meal and bar snacks that are available either at lunchtime or at evenings.

Well, I think, it's the most appropriate route for our weekend trip – Windermere Lake with it's sightseeing and the Queens Hotel! I am sure, you, girls, will definitely love these places and this magnificent hotel. I'm looking forward to our meeting at Saturday to go there! See you!

Yours sincerely,

Alyona Averina
